

## Dispensing Valve DV-300R Poppet Valve

Data Sheet

### Features

For Medium/high pressure of DV-300. Less ball-up effect after dispensing.

### Applicable Material

Medium ~high viscosity material.

### Dimension

□29 x L125.2 mm (1.14 x 4.93 in)

### Weight

260g

### Driving Air Pressure

> 0.4 MPa (58.02 psi)

### Material Feeding Pressure

Max. 5 MPa (725.19 psi)

### Flux (KV Value)

1.8L/min

### Driving Part Material

Aluminum

### Wetted Part Material

Aluminum

TAEHA's Pneumatic metering valves are widely used in various industries to provide reliable and accurate dispensing solutions. From low-viscosity materials to high-viscosity materials that are difficult to dispense, we have a lineup of valves that can dispense accurately and consistently.

Excellent product quality control by owning a dedicated facility that processes and produces valve precision parts.

### Benefits:

- Fast open and close.
- Suitable with numerous materials.
- Can be used in automation with very low payload capacity.
